Five Star Graffiti Buster™ Painted Surfaces

Description

- Naturally-powered graffiti remover.
- Easily and quickly removes paint, ink, permanent markers, tire marks, crayon and adhesive residue.
- Provides superior performance on the most difficult, non-porous painted surfaces.
- Use on Plexiglas, Road Signs, vehicles, railroad cars, utility boxes, bathroom partitions, laminated wood and any factory-applied, baked-on painted surfaces.
- Removes graffiti without damaging the underlying paint.
- Covers 500 square feet per gallon (depending on type of surface and number of applications).
- Bio-based, all-natural and biodegradable.

Applications

Lightly apply undiluted Five Star Graffiti Buster™ Painted Surfaces to a dry cloth and use to wipe surface. The clean surface should then be wiped with a damp cloth or rinsed with water to remove any residue. Do not allow product to dry. Re-apply on stubborn areas if required.

Use caution when applying to synthetic surfaces such as rubber, vinyl and plastic. If used on latex-painted surfaces, wipe off within 30 seconds to prevent damage. Test small area of the surface to be cleaned prior to application.

Technical Information

Usage	Dilution Ratio	RTU, RTU
Physical Properties	Appearance	Liquid
	Color	Clear
	Fragrance	None
	pH	7
	Shelf Life	Minimum 1 Year
Primary Packaging		(12) 32 oz./946 ml.
		(4) 1 gal./3.78 L

Five Star Graffiti Buster™ Unpainted Surfaces

Description

- Naturally-powered graffiti remover.
- Easily and quickly removes paint, ink, permanent markers, tire marks and adhesive residue.
- Designed for delicate surfaces without damaging the surfaces underneath the graffiti.
- Use on brick, smooth/rough concrete, cement, cinder block, stucco, metals, tile, marble, formica and porcelain.
- Replaces petrochemical, soy and citrus-based products.
- Covers 500 square feet per gallon (depending on type of surface and number of applications).
- Bio-based, all-natural and biodegradable.

Applications

Lightly spray undiluted Five Star Graffiti Buster™ Unpainted Surfaces on the area to be cleaned and let stand undisturbed for 10 to 30 minutes, depending on age of graffiti, surface and temperature. Do not allow product to dry. A stiff nylon brush may be used to assist in the removal process. Rinse area with high-pressure water to remove residue. Re-apply on stubborn areas if required.

Use caution when applying to synthetic surfaces such as rubber, vinyl and plastic. Test small area of the surface to be cleaned prior to application.
