Technology Profile

Betadine Stain Buster™ does not only remove betadine and iodine-based spills and stains, it neutralizes the solution. It chemically transforms the betadine and iodine-based products into water. Iodine-based products such as betadine are a halogen which is considered to be hazardous chemicals. Iodine is considered a poison and can be extremely toxic if used improperly. Betadine Stain Buster™ safely and completely neutralizes the hazardous components in iodine-based products converting them into water.

Advantages

Five Star Betadine Stain Buster™ is a highly effective, ready-to-use neutralizing solution designed to replace all solvent-based formulations in betadine removal applications.

Rapidly dissolves betadine from most fabrics, including carpets, uniforms, scrubs and all clothing.

Instantly removes stains from floors, tiles, countertops, tables and more.

This product has outstanding free-rinsing characteristics, leaving surfaces free of residue and yellow stains. Made with naturally-occurring renewable resources and contains no petrochemicals or added dyes and fragrances.

Five Star Betadine Remover™ is bio-based, all-natural and biodegradable.

Application

Laundry: Use as a pre-spray, applying Five Star Betadine Buster™ directly on stained item. Launder normally.

Carpet, Upholstery and Fabrics: Apply Five Star Betadine Buster™ directly on the stained area. Gently agitate with a clean cloth or brush. Blot with a clean, white absorbent cloth.

Countertops, Tiles and Floors: Apply Five Star Betadine Buster™ directly on the stained area. After stain is removed, blot with a clean, white absorbent cloth and rinse with water.
