

Acid Eater™

TM

NEUTRALIZER & DEGREASER

FEATURES & BENEFITS

- Neutralizes, degreases and cleans motive power batteries.
- Eliminates trickle discharges to ensure optimum performance.
- Extends the life of the battery and material handling equipment.
- Neutralizes and cleans concrete floors in battery rooms.
- Minimizes safety risks by eliminating acid burns and shock.
- Use on rollers, stands, forklifts, under battery racks and floors.
- Biodegradable, non-corrosive and environmentally safe.
- pH color indicators alert users of acidic corrosion.
- Easy to apply and safe to use on metal, plastic and rubber.
- Complies with OSHA Regulation 1917.157(g).

PRODUCT PROCEDURES

Fig. 1 An example of a poorly maintained battery. This battery will require more charge time and, as a result, less work time.

Fig. 2 Liberally spray Acid Eater™ Neutralizer & Degreaser directly on the battery, including the cell connectors, cables and casing. It will change colors when in the presence of acid alerting the user to acidic corrosion and will change back to the original color once the acid is neutralized.

Fig. 3 The battery may be rinsed with water and wiped clean with a cloth or allowed to air dry.

Fig. 4 Properly maintaining this battery with Acid Eater™ Neutralizer & Degreaser will ensure optimum performance, extend the life of the battery and eliminate safety concerns.

BATTERY CHARGING/CHANGING AREAS

Removes Acid Corrosive

- Battery Stands
- Battery Rollers
- Changing Equipment
- Forklift Compartments
- Concrete Floors
- Battery Drip-Trays

ROLLERS

STANDS

Item Number	Product Description	Product Size	Unit Weight
1002-016	Acid Eater™ Neutralizer & Degreaser	12-16 oz.	16 lbs.
