

Beyond Green Cleaning ™

Natural Odor Control

Beyond Green Cleaning ™

Odor Neutralizer

-  **Fast** – Destroys odors on contact using Nano-Natural Technology.
-  **Effective** - Neutralizes odors, does not mask with fragrances or perfumes.
-  **Versatile** – Neutralizes odors in the air, hard surfaces and fabrics.
-  **Safe** - Bio-based™ using only 100% all-natural ingredients.

What is Odor Neutralizer™?

Air Neutralizer - Effectively neutralizes odors caused by smoking, urine, vomit, mildew and cooking odors.

Hard Surface Deodorizer - Rapidly eliminates odors from countertops, tables, walls, restrooms, urinals, toilets, garbage containers and used in routine cleaning applications.

Fabric Refreshener - Quickly neutralizes odors from upholstery, carpet and fabric surfaces without chemicals.

What is Nano-Natural Technology?

Nano-Natural Technology is the use of extremely small molecular structures and all-natural ingredients. One nanometer (nm) equals one ten-thousandth of the thickness of a human hair. Nano-Natural Technology involves Active-Nanoids which dissolve and remove odors from the air or any surface without using chemicals. Odor Neutralizer™ breaks down odors into microscopic particles that disperse and repel one another. The particles are then easy to neutralize and less likely to re-adhere to the cleaned surfaces. The molecular structure of these particles is so small they can forcefully penetrate molecules of daunting odors for quick and easy neutralizing.

The particles penetrate and neutralize odorous molecules for quick and easy removal of noxious substances.

Where to Use?

Use in hospitals, nursing homes, nurseries, kennels, veterinary facilities, restaurants, hotels, athletic facilities, office buildings. Can be used on hard surfaces like walls, tables, floors, chairs, restrooms and fabrics (upholstery, drapes and bedding).

How to Apply?

Remove as much of the odor-causing element as possible.

Hard Surfaces: Spray a light mist on hard surface. Allow to stand for 5 minutes. Then wipe excess from surfaces with a clean, absorbent cloth.

For Fabrics: Spray a light mist on drapes, carpet, fabrics and upholstered furniture to eliminate odors and freshen fabrics. Always test in an inconspicuous area for colorfastness.

Air: Apply with sprayer or fogger. Use finest mist. Stand in center of room. Lightly mist upper portions of room near ceiling. Turn and spray in all directions.

How is It Packaged?

It is packaged in recyclable HDPE gallons, four per case (9502-004). Please inquire about larger packaging and pricing.

Product Advantages

Odor eliminator.

Not a masking agent.

Air freshener.

Fabric refreshener.

Fragrance-free.

Product Specifications

pH:	Neutral
Appearance:	Liquid
Color:	Clear
Flash Point:	None
Fragrance:	None
Shelf-Stability	One year
