Natural Stain Removal

Beyond Green Cleaning ™

Betadine Stain Remover

-  **Fast** - Quickly neutralizes betadine and iodine-based stains and spills.
-  **Effective** - Removes betadine and iodine-based stains from hard surfaces.
-  **Versatile** - Treat fabrics and linens in laundry applications.
-  **Safe** - Bio-based using only 100% all-natural ingredients.

Product Advantages

Neutralizes betadine spills.

Removes stains from fabrics and hard surfaces.

Convenient, ready-to-use, no mixing.

What is Betadine Stain Remover™?

A highly effective, ready-to-use neutralizing solution designed to neutralize Betadine stains and convert them into water. Rapidly dissolves Betadine stains from most fabrics, including carpets, uniforms, scrubs and all clothing. Quickly removes stains from floors, tiles, countertops, tables and more.

It not only removes Betadine and iodine-based spills and stains, it also neutralizes the solution. It chemically transforms Betadine and iodine-based products into water.

What is Nano-Natural Technology?

Nano-Natural Technology is the use of extremely small molecular structures and all-natural ingredients. One nanometer (nm) equals one ten-thousandth of the thickness of a human hair. Nano-Natural Technology involves Active-Nanoids which dissolve and remove Betadine stains from hard surfaces and washable fabrics without using chemicals.

Betadine Stain Remover™ breaks down Betadine spills and stains into microscopic particles that disperse and repel one another. The particles are then easy to remove and less likely to re-adhere to the cleaned surfaces. The molecular structure of these particles is so small they can forcefully penetrate molecules of daunting spills and stains for quick and easy removal.

How to Apply?

Laundry: Use as a pre-spray, applying Betadine Stain Remover™ directly on stained item. Launder normally.

Carpet, Upholstery and Fabrics: Apply Betadine Stain Remover™ directly on the stained area. Gently agitate with a clean cloth or brush. Blot with a clean, white absorbent cloth.

Countertops, Tiles and Floors: Apply Betadine Stain Remover™ directly on the stained area. After stain is removed, blot with a clean, white absorbent cloth and rinse with water.

How is it Packaged?

Betadine Stain Remover™ is packaged in recyclable HDPE quarts, six per case (9007-001).
